LMK – Wheels and rollers

Gangways from Lemvig Maskin & Køleteknik ApS are renowned for their low weight, great strength, and stable design. Together this means a highly maneuverable gangway with excellent properties. LMK Gangways offer great flexibility in use, thanks to the many alternative configurations. To comply this, we offer a range of different types of wheels and rollers. All allows the Gangway to roll easily and adjust the gangway according to ship-motion and tide. - So that you always can get safe to shore.

Wheels

- HL1 Standard nylon-wheel.
- HL2 Turn able nylon-wheels in chassis of stainless steel.
- HL3 Rubber-coated roller in aluminium.
- HL4 Roller in heavy nylon.

We also make customized solutions. You are always welcome to contact us, for a non-binding offer. You can find our contact information, at the top of this sheet.
